# SPECTRUM

A Versatile & High-performance Refrigerator

## 1 Smart App

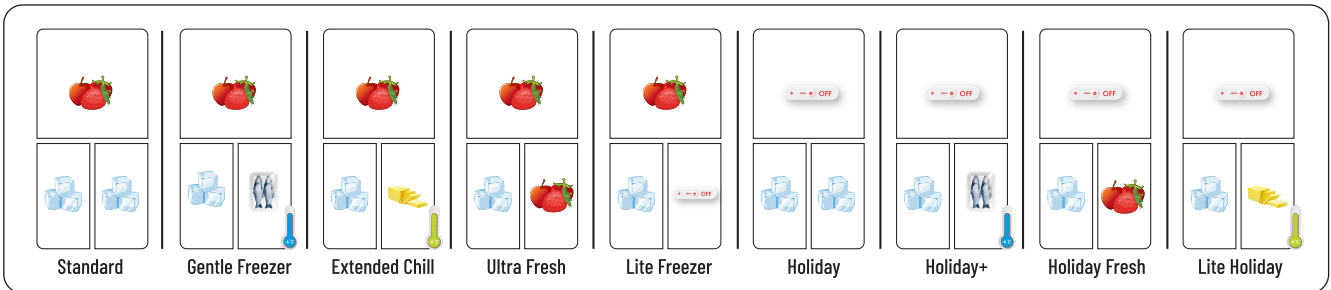

IoT enables the customer to control the refrigerator with smartphone from anywhere of the world.

## 2 Glass Panel

Make your home more gorgeous with elegant glass door designed refrigerator; a combination of pure aesthetic stunning look & technology.

## 3 9 in 1 Convertible Mode

The refrigerator comes with nine (09) conversion modes. So you can control the refrigerator at your convenience with a simple touch.

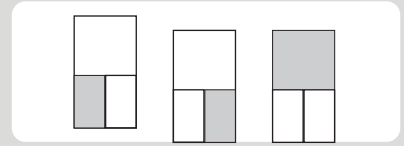

## 4 Trio Cooling+

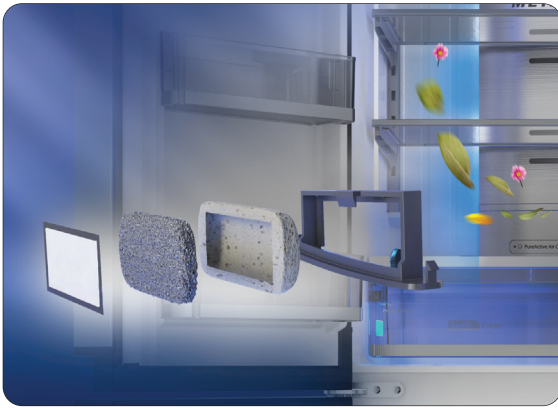

### Trio Cooling+

Three Independent Coolers  
& One in Each Compartment

Trio Cooling+ is a revolutionary technology with an independent cooling system. It provides separate airflows in the fridge & freezer that allows independent temperature control with three separate evaporators.

## 5 Odor Filter

Odor Filter eliminates food odors and retains the original taste and aroma longer. It is easily replaceable.

## 6 Adjustable Shelf

Experience the most convenient refrigerator that comes with adjustable shelves & provides you the storage flexibility, so you can slide-in or flip-up to store bottles & other tall items with ease.

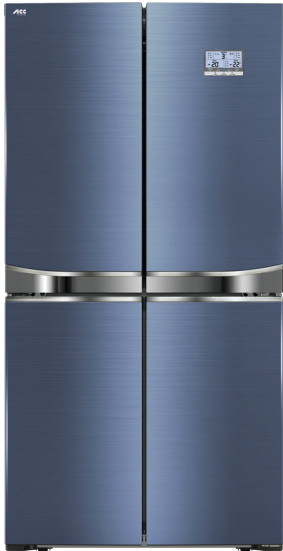

SEAMLESS BLEND OF  
**ELEGANCE &  
EXCELLENCE**

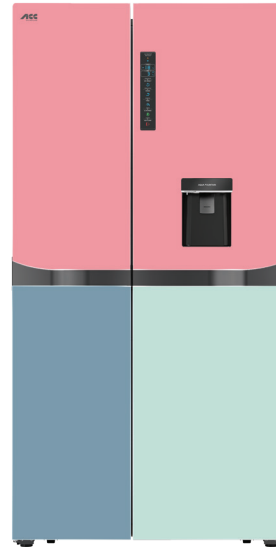

# Heritage of Innovation

- Model Name: ARNR660EFSMD**  
**Capacity: 660L**  
**Special Features**
- Elegant Curved Design Metal Door (PCM/VCM)
  - Trio Cooling+
  - Multiple Convertible Option (9 in 1)
  - Metal Cooling
  - Monochromic Display
  - Odor Filter
  - Advanced IoT
  - Foldable Cantilever Glass Shelf
  - SynthoFresh

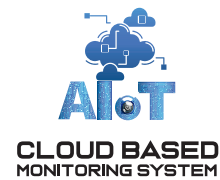

- Model Name: ARNR646FSGDW**  
**Capacity: 646L**  
**Special Features**
- Metal & Duo Cooling Plus
  - Aqua Fountain
  - Multiple Convertible Option (8 in 1)
  - MSO Plus Inverter
  - Odor Guard
  - Advanced IoT
  - AI (Artificial Intelligence)
  - Fickle Defrost

- Model Name: ARNI591NEGBD**  
**Capacity: 591L**  
**Special Features:**
- 3D MSO Inverter Technology
  - AI (Artificial Intelligence)
  - IGT
  - AIoT
  - 15.6 inch LCD Display
  - Halcyon
  - Qool
  - Dual Control

- Model Name: ARNT343ELSMO**  
**Capacity: 343L**  
**Special Features:**
- Duo & Metal Cooling
  - SynthoFresh
  - Reversible Door
  - Monochrome Display
  - Low Noise
  - IoT
  - 3D MSO Inverter Technology

# HERITAGE OF INNOVATION

Integrated  
5 inch color  
TFT display

AC running data  
and performance  
monitoring

Plasma Care  
ensures  
healthy & fresh air

Pro Clean

Multi-flow condenser  
with anti-corrosive  
coating

4D Airflow

Fungus Proof

Auto Restart

Baby Care

## Unique Features

Digital display is a panel screen that presents a variety of multimedia formats to a customer. The advanced digital display is able to show a wide range of these multimedia formats which make it to become a superior mode of communication.

### Temperature

Outdoor Room Temp. 27°C 12:45 PM Sun Sep 12  
**23.0°C** Run Power 1.05 kW  
 Cool Mode TURBO Today's 6.05 kWh  
 Low Speed HEALTHY

- Room Temperature
- Set Temperature
- Outdoor Temperature

### Power Consumption

Outdoor Room Temp. 27°C 12:45 PM Sun Sep 12  
**23.0°C** Run Power 1.05 kW  
 Cool Mode TURBO Today's 6.05 kWh  
 Low Speed HEALTHY

Displays the "Power Consumption". This function will show the total power consumption of Air Conditioner in different time phases like today, yesterday, last month & this month. (Power consumption may vary  $\pm$  5%)

### Voltage

Outdoor Room Temp. 27°C 12:45 PM Sun Sep 12  
**23.0°C** Run Power 1.05 kW  
 Cool Mode TURBO Today's 6.05 kWh  
 Low Speed HEALTHY AC Voltage 230V

Displays the "Input Voltage". This function will show the AC Input voltage of power source.

### Error Code

**E1** Reason: Indoor Fan Fault  
 Solution: Check your indoor Fan or Contact 16267

Displays the "Error Code". This function will show the Error Code in case of fault. The reason will be shown in the display. Also a solution will be shown as per Error Code.

## Major Technical Features

**Plasma Care**  
 ensures  
 healthy & fresh air

**Air Plasma Technology** kills bacteria & viruses by forming OH radicals on the surface of bacteria & viruses. Its negative ions float in the air & remove smoke & dust. Air Plasma eliminates odor & also reduces airborne infections & allergens. Ensuring improved air quality it further helps to improve human health by reducing sleeping problems & high blood pressure.

ACC Intelligent Inverter Technology Air Conditioner has horizontal & vertical swings that enable the air to guide/swing in four directions. You will feel the same comfort in every corner of the room.

Adjustable **ECO Mode** provides customers with a unique feature to operate the air conditioner in three different percentages (30%, 50%, and 70%) energy-saving ECO mode with just a single button press of the remote.

**Fungus Proof**

After the AC's cooling operation stops, the indoor unit runs for 180 seconds in fan-only mode to automatically dry up the condensation water accumulated inside the indoor unit, which helps to reduce mold and odor built-up inside the AC.

**Pro Clean**

**The Pro cleaning** feature is extremely beneficial for keeping split-type AC clean.

- ▶ Removes dirt from the evaporator
- ▶ Keeps evaporator dry and fungus free
- ▶ Prevents the growth of microorganisms
- ▶ Increases the longevity of the air conditioner

**Baby Care**

**Baby Care** ensures a comfortable and healthy environment when the AC is turned on by enabling health mode, low fan speed and minimum louver angle.

**Inverter Technology** is an energy-saving operation that optimizes the power consumption of an air conditioner by efficiently controlling the compressor's operational speed.

ACC Intelligent Inverter Air Conditioner has a **Wide Working Voltage Range** starting from 130V to 280V AC at 50Hz which ensures stabilizer free operation.
