COMPANY OVERVIEW

Walton, a renowned global brand, stands as a beacon of innovation and excellence in the world of technology and consumer electronics. At the heart of our success lies a state-of-the-art Research and Innovation (R&I) facility, unrivaled in its scale and capabilities, where our brilliant minds tirelessly pioneer the future.

Walton is fortified with the vision to hoist the green and red flag across the globe with its ingenuity and innovation. We are currently making waves in foreign markets, spanning across 40 countries in Europe, North America, Asia, West Africa, and more.

The ultimate objective is to establish our brand name in the list of Top Five Electronics Brands of the Globe by 2030. All the future development of Walton including the overall function of the Company alongside the sustainability would be ensured by our unyielding labor for technological excellence across the domestic and global markets. Walton will be an influential global hallmark that shall usher in a new age of global recognition of both our company and Bangladesh.

Our top-notch strategies include setting up new production units, manufacturing new models of products, establishing an international standard testing lab to ensure the highest quality of the produced goods, expanding its export destinations, and receiving certificates from different countries by excelling within their discrete standards. Our vanguard is working relentlessly towards our grand scheme of establishing our imperium across the globe.

VISION

MISSION

VISION

Aspiring to be a bold leader among the top **5 Global Brands** in Electrical & Electronics Industry by 2030.

MISSION

Responding to the ever changing consumer and market demands through sustainable innovative brilliance and recognized quality standards.

VALUES

- Responsible to Country
- Speed & Quality
- Creativity
- Simplification
- Honesty & Integrity

CORPORATE CULTURE

- Let's Work Together
- Never Say 'NO'
- Apply Your Creativity
- Strong CSR Activities

FRENCH DOOR & SIDE BY SIDE REFRIGERATOR FEATURES

Metal Cooling

Effective airflow combined with stainless steel paneling helps maintain a consistent temperature throughout the refrigerator.

Chilled Water

Easily hydrate yourself with chilled water from the water dispenser of your refrigerator.

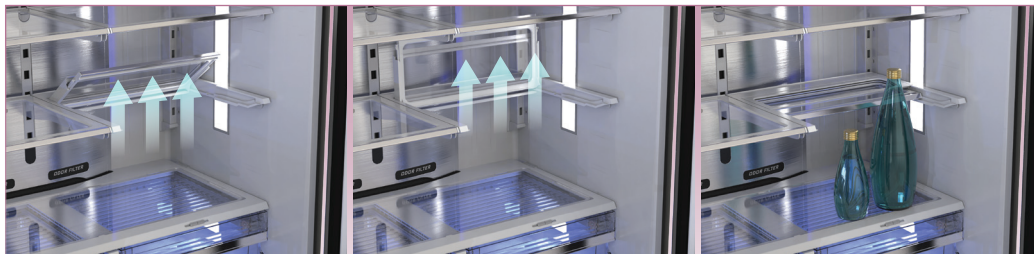

Refill the tank at the comfort level.

It consumes less energy as the door remains closed during this operation.

Trio Cooling+

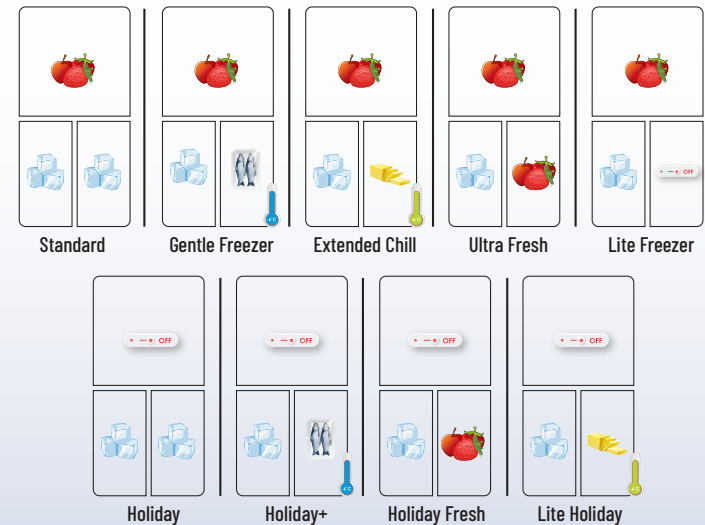

Trio Cooling+ is a revolutionary technology with an independent cooling system. It provides separate airflows in the fridge and freezer that allows independent temperature control with three separate evaporators.

Adjustable Shelves

Experience the most convenient refrigerator that comes with adjustable shelves and provides you the storage flexibility, so you can slide-in or flip-up to store bottles and other tall items with ease.

MULTIPLE CONVERTIBLE OPTION (9 IN 1)

The refrigerator comes with nine (09) conversion modes. So you can control your refrigerator at your convenience with a simple touch.

NO FROST REFRIGERATOR

NO FROST REFRIGERATOR FEATURES

Enjoy the best of every season

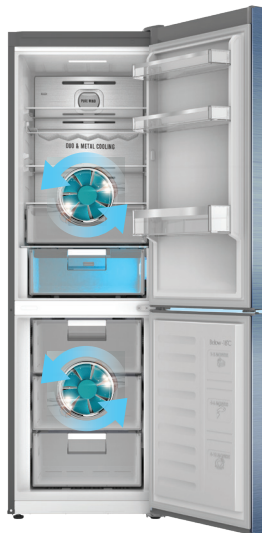

The Refrigerator continuously monitors different important parameters critical to the freshness of the foods inside. It always observes the current temperature inside the fridge and can understand its surroundings and its user's behaviour at the same time. Based on several important information like these and by the power of its built-in AI based MSO+ Inverter Technology, it determines the most suitable operating condition for a particular moment of time. As a result, it ensures proper cooling with low energy consumption.

Most Energy Efficient Compressor

Latest intelligent inverter compressor saves huge energy. This compressor has higher COP which ensures higher refrigeration effect that saves energy. Lower speed, low operative pressure & thicker compressor shell ensure lower noise level.

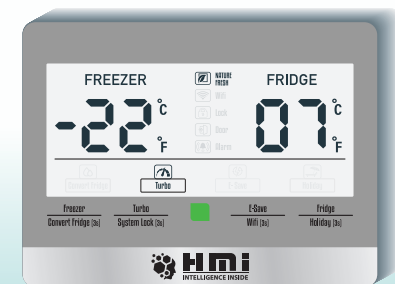

Duo Cooling+

The key feature of Duo Cooling Plus is its use of entirely separate cooling systems for the refrigerator and freezer compartments. This separation ensures that the air in these compartments don't mix, allowing precise control over temperature and humidity levels in each section.

Monochromatic Display

Dual temperature control with stylish and modern display design.

NO FROST REFRIGERATOR

TOP MOUNT

WNJ-5E5-RXXX-XX

Gross Volume: 555 Ltr

- MSO Inverter Technology
- Intelligent Alarm System
- Super-Freezing

FROST REFRIGERATOR

FROST REFRIGERATOR FEATURES

Real Tempered Glass Door

More durable than conventional glass & shines over the years.

Faster Cooling Speed

The latest cooling technology is used which confirms faster cooling speed. It also ensures consistent cooling and immensely power- saving refrigeration.

Fresher Food Than Ever

All advanced technologies are incorporated to keep food as fresh as possible.

Silver Clean ++

Prevents bacteria & keeps food fresh for longer.

SynthoFresh

SynthoFresh preserves vitamin content in fresh fruit and vegetables by mimicking the natural 24 hour cycle of the sun inside the crisper drawer using innovative three colour light technology. This means that your fruits and vegetables will be packed with health-boosting nutrients, just the way nature intended.

Blue LED having certain wavelength has been observed by various research centers/laboratories including Walton Science Research Lab as very effective to keep vegetables fresh longer than normal environment, preserving nutrition and antioxidant level of the fruits and vegetables.

- Eco-friendly Refrigerant
- Improved Aesthetic Design
- Anti-fungal Door Gasket
- Bigger Freezer Capacity
- Longer Enduring Cooling System

SINGLE DOOR REFRIGERATOR

SINGLE DOOR REFRIGERATOR FEATURES

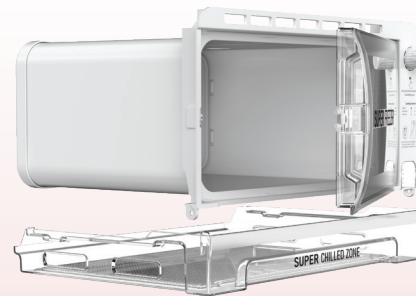

Stylish Design

With a sleek look, its impeccable style fits elegantly into your desired indoor decor. The Single Door Refrigerator has so many excellent features which make you believe it's more than your expectations.

Onion Tray

Introducing an affordable and innovative solution for your Walton Refrigerator - a convenient dry storage area. This area provides an additional 10 liters of non-refrigerated storage space without increasing the refrigerator height. This added space is perfect for storing items like onions, potatoes, and more, ensuring better kitchen hygiene and optimized use of your kitchen area.

Two Layer Freezer Door

Two Layer Freezer Door helps to reduce cold air loss and saves energy.

Humidity Controller

Humidity Controller protects your food from spoilage and keeps food naturally fresh.

SINGLE DOOR REFRIGERATOR

WFA-2B5-ELRD-XX

Gross Volume: 225 Ltr

- Fast Ice Making
- Wide Voltage Operation
- Flat Back Design
- Silver Clean++ Technology
- Vanity Zone for Cosmetics
- Climate Class T
- Semi-automatic Defrost

WFA-1N3-GDXX-XX

Gross Volume: 193 Ltr

- Wide Voltage Operation
- Climate Class T
- Interior Lighting
- Semi-automatic Defrost
- Adjustable Toughened Glass Shelves

WFA-1N3-GDES-XX

Gross Volume: 193 Ltr

- Wide Voltage Operation
- Climate Class T
- Semi-automatic Defrost
- Uniform/Controlled Cooling Flow
- Fresh Plus Chiller
- Adjustable Toughened Glass Shelves
- Edgeless Tempered Glass Door

FREEZER

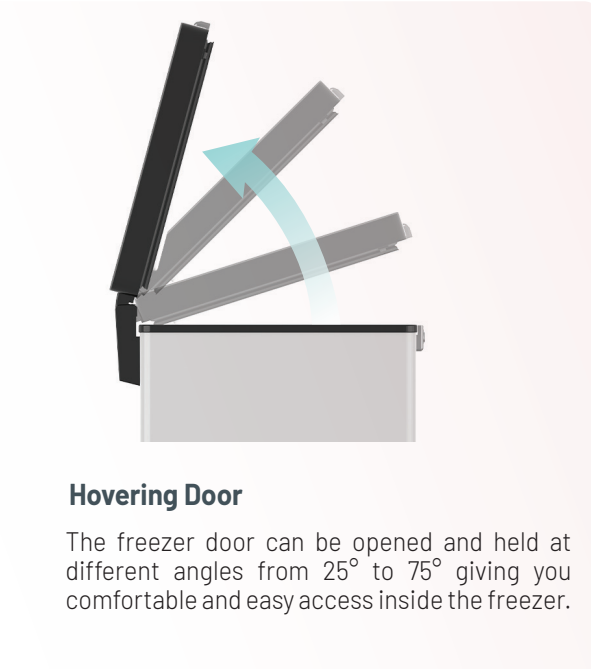

FREEZER FEATURES

Stylish Glass Door

The exquisite Real Tempered Glass Door which is very resistant to stress and damage ensures durability. Its elegant design and smooth finishing give your appliance a premium look and make your home more gorgeous.

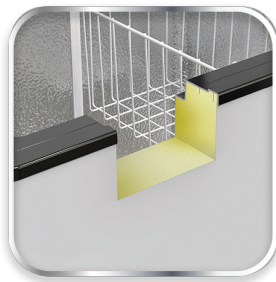

Hovering Door

The freezer door can be opened and held at different angles from 25° to 75° giving you comfortable and easy access inside the freezer.

Energy Rating

The star rating in refrigerator indicates its energy efficiency. More stars mean more energy efficiency. BSTI recognized Walton's 5 Star Rating freezers ensure efficient cooling at low electricity expense.

Aluminum Inner Liner

Aluminum inner liner for improved hygiene & hassle free inner cleaning.

High PUF Thickness: High density PUF insulation allows superior cooling retention, even during power cuts.

Pre-Coated Exterior

Pre-coated exterior to prevent from rust & corrosion.

Electrical/Mechanical Temperature Control

With the electric/mechanical temperature control knob, you can easily control the temperature of your freezer. The placement of the panel makes the controlling easier.

COMMERCIAL COOLER & FREEZER

COMMERCIAL COOLER & FREEZER FEATURES

Customized Option

Walton Beverage Coolers amaze you with three different colors and design may also be customized according to your choice.

Tempered & Low-E Glass Door

Specially designed tempered & low-e glass coating door reflects ultraviolet (UV) and infrared rays away but allows other types of light to enter keeping your beverage items cool in hot summer.

Faster Chilling

Walton Beverage Coolers come with faster chilling facility to provide you with instant cold drinks.

Heavy Duty Metal Fan

Heavy duty metal fan helps provide more even cooling and aids in the defrost process.

Adjustable Shelves

The adjustable shelves give you storage flexibility and easy to clean facility. These are easy to adjust.

LED Display

Big transparent LED display suitable for your favorite commercial advertisement.

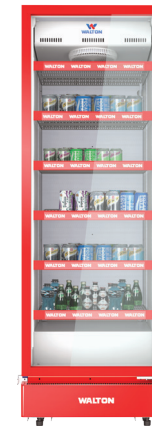

COMMERCIAL COOLER & FREEZER
