COMPANY OVERVIEW

Walton, a renowned global brand, stands as a beacon of innovation and excellence in the world of technology and consumer electronics. At the heart of our success lies a state-of-the-art Research and Innovation (R&I) facility, unrivaled in its scale and capabilities, where our brilliant minds tirelessly pioneer the future.

Walton is fortified with the vision to hoist the green and red flag across the globe with its ingenuity and innovation. We are currently making waves in foreign markets, spanning across 40 countries in Europe, North America, Asia, West Africa, and more.

The ultimate objective is to establish our brand name in the list of Top Five Electronics Brands of the Globe by 2030. All the future development of Walton including the overall function of the Company alongside the sustainability would be ensured by our unyielding labor for technological excellence across the domestic and global markets. Walton will be an influential global hallmark that shall usher in a new age of global recognition of both our company and Bangladesh.

Our top-notch strategies include setting up new production units, manufacturing new models of products, establishing an international standard testing lab to ensure the highest quality of the produced goods, expanding its export destinations, and receiving certificates from different countries by excelling within their discrete standards. Our vanguard is working relentlessly towards our grand scheme of establishing our imperium across the globe.

VISION

MISSION

VISION

Aspiring to be a bold leader among the top **5 Global Brands** in Electrical & Electronics Industry by 2030.

MISSION

Responding to the ever changing consumer and market demands through sustainable innovative brilliance and recognized quality standards.

VALUES

- Responsible to Country
- Speed & Quality
- Creativity
- Simplification
- Honesty & Integrity

CORPORATE CULTURE

- Let's Work Together
- Never Say 'NO'
- Apply Your Creativity
- Strong CSR Activities

PRODUCT RANGE

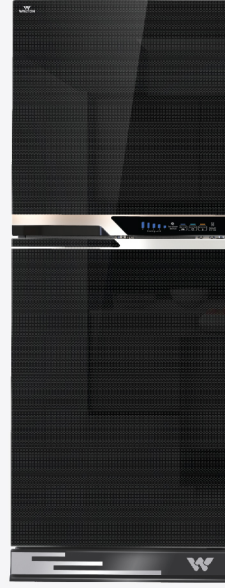

FRENCH DOOR & SIDE BY SIDE

NO FROST

FROST

SINGLE DOOR

FREEZER

COMMERCIAL COOLER & FREEZER

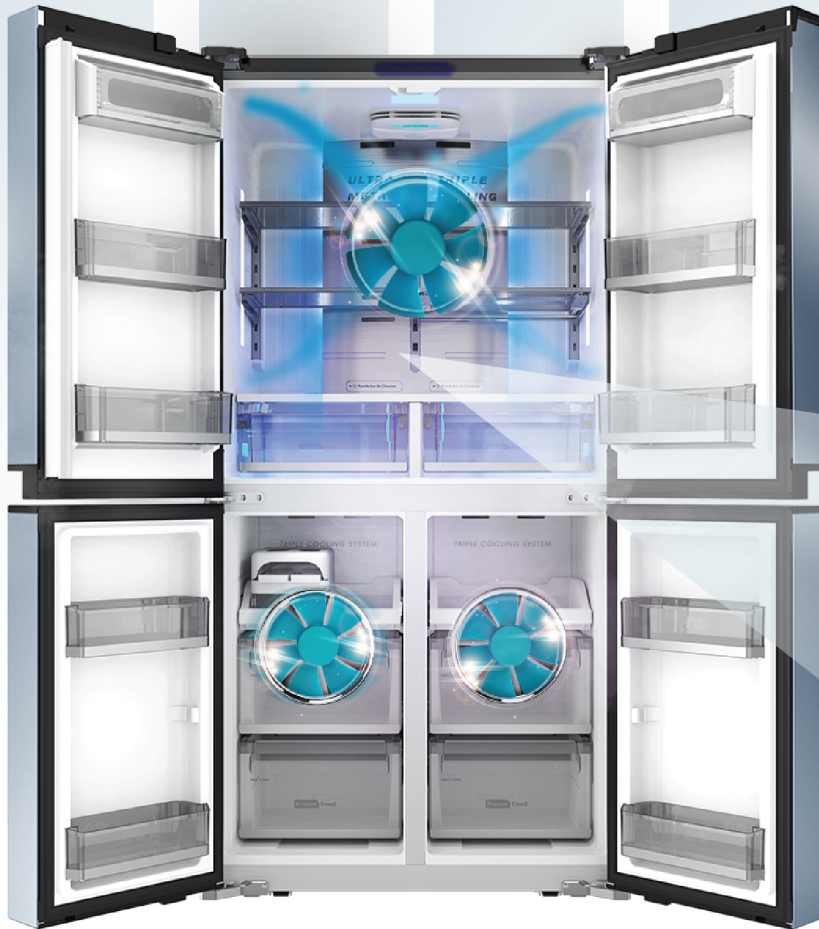

**FRENCH DOOR & SIDE BY SIDE
REFRIGERATOR**

**BIGGER
THAN YOUR
EXPECTATION**
GIANTECH
Series

FRENCH DOOR & SIDE BY SIDE REFRIGERATOR **FEATURES**

Metal Cooling

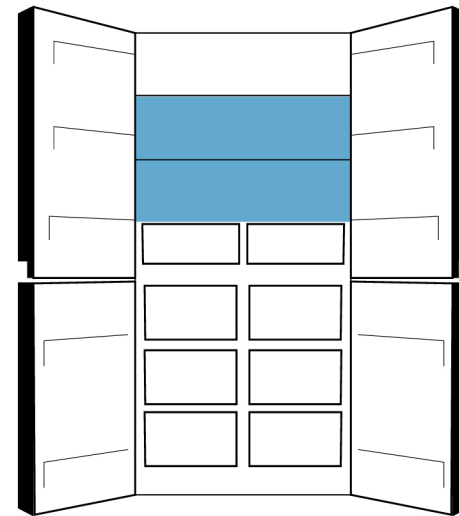

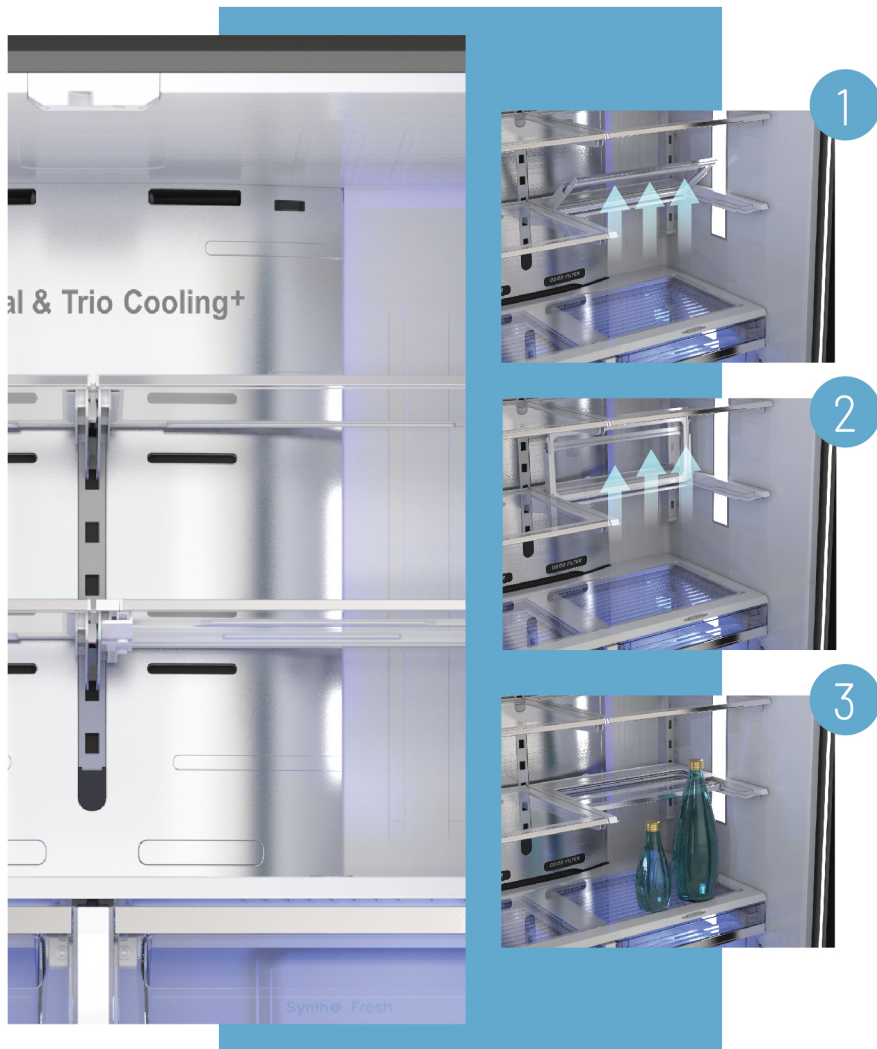

Effective airflow combined with stainless steel paneling helps maintain a consistent temperature throughout the refrigerator.

Trio Cooling+

Trio Cooling+ is a revolutionary technology with an independent cooling system. It provides separate airflows in the fridge and freezer that allows independent temperature control with three separate evaporators.

FRENCH DOOR & SIDE BY SIDE REFRIGERATOR **FEATURES**

Adjustable Shelves

Experience the most convenient refrigerator that comes with adjustable shelves and provides you the storage flexibility, so you can slide-in or flip-up to store bottles and other tall items with ease.

FRENCH DOOR & SIDE BY SIDE REFRIGERATOR FEATURES

MULTIPLE CONVERTIBLE OPTION (9 IN 1)

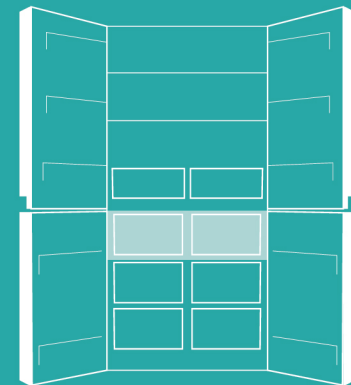

The refrigerator comes with nine (09) conversion modes. So you can control your refrigerator at your convenience with a simple touch.

Standard	Gentle Freezer	Extended Chill	Ultra Fresh	Lite Freezer	Holiday	Holiday+	Holiday Fresh	Life Holiday

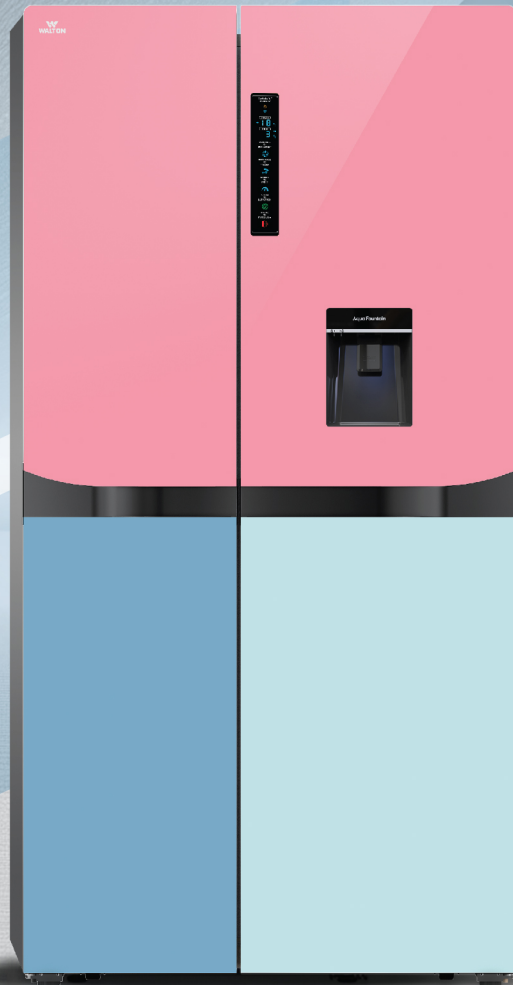

TWIST ICE MAKER

Enhance your ice accessibility and optimize freezer storage with a convenient Movable Twist Ice Maker. A single twist effortlessly dispenses a generous supply of ice cubes, and the removable storage bin allows you to serve ice wherever you desire. Plus, if you need additional freezer space, you can easily detach the Ice Maker.

FRENCH DOOR & SIDE BY SIDE REFRIGERATOR **FEATURES**

Most Energy Efficient Compressor

Latest intelligent inverter compressor saves huge energy. This compressor has higher COP which ensures higher refrigeration effect that saves energy. Lower speed, low operative pressure & thicker compressor shell ensure lower noise level.

FRENCH DOOR & SIDE BY SIDE REFRIGERATOR **FEATURES**

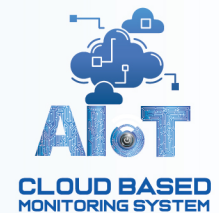

Eco-friendly R600a Refrigerant

R600a refrigerant has Zero Ozone Depletion Potential (ODP) & very low Global Warming Potential (GWP) ratings, and thus lower Global Warming Effects.

Mobile App Control (AioT Control)

By connecting this refrigerator with the Walton Smart Appliance app, the user can check the status of the refrigerator from the mobile. Besides, users can change different modes including temperature settings. A user can know whether the refrigerator door is open or not; and can even see a record of how many times the door has been opened in a day within the app. If the fridge is connected to the app, in case of any problem with the fridge, our service people will contact the customer before he/she realizes it and solve the problem. Users can contact our customer care center from this app in case of any kind of fridge problem.

NO FROST REFRIGERATOR

**Splendid
Beauty**

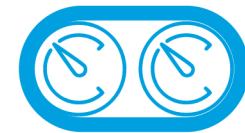

NO FROST REFRIGERATOR **FEATURES**

DUO COOLING+

The key feature of Duo Cooling Plus is its use of entirely separate cooling systems for the refrigerator and freezer compartments. This separation ensures that the air in these compartments don't mix, allowing precise control over temperature and humidity levels in each section.

**DUAL
CONTROL**

NO FROST REFRIGERATOR FEATURES

ENJOY THE BEST OF EVERY SEASON

WINTER

SUMMER

RAINY SEASON

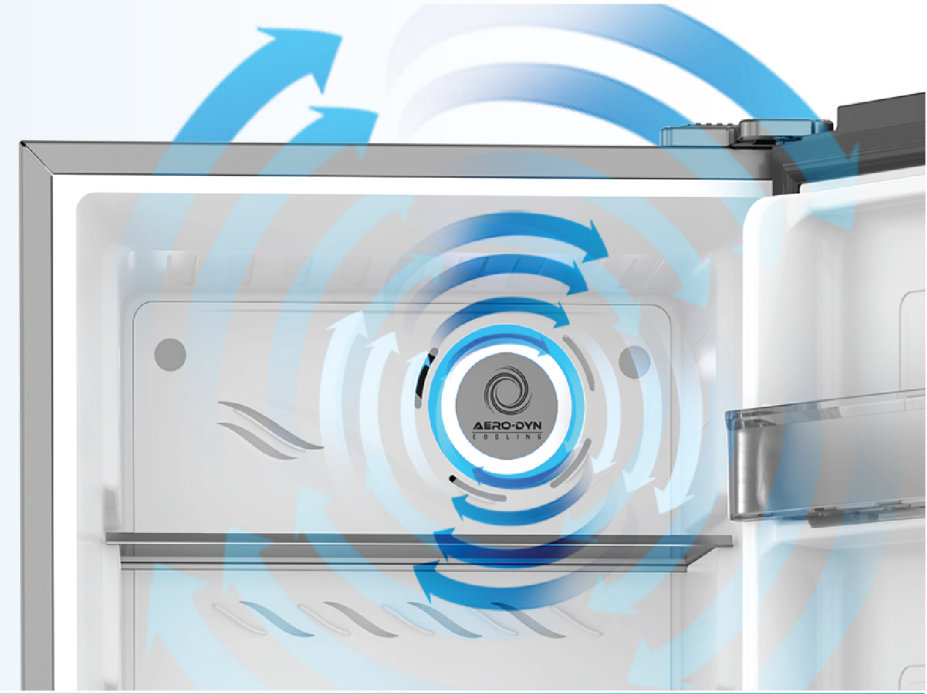

3DMSO Inverter Technology

The Refrigerator continuously monitors different important parameters critical to the freshness of the foods inside. It always observes the current temperature inside the fridge and can understand its surroundings and its user's behaviour at the same time. Based on several important information like these and by the power of its built-in AI based MSO+ Inverter Technology, it determines the most suitable operating condition for a particular moment of time. As a result, it ensures proper cooling with low energy consumption.

NO FROST REFRIGERATOR FEATURES

Aero-Dyn Cooling

Experience the benefits of uniform cooling with the AERO-DYN technology. It ensures a constant temperature throughout the fridge, so everything from chickens to cucumbers is evenly chilled and stays fresh for longer.

CHILLER ROOM

Dedicated Chiller Room

Chiller box maintains a temperature range from 2°C to -3°C adequate for dairy items and marinated foods.

Smart Display

Dual temperature control with stylish and modern display design.

FROST REFRIGERATOR

**SYMBOL *Of*
ELEGANCE**

FROST REFRIGERATOR FEATURES

SynthoFresh

SynthoFresh preserves vitamin content in fresh fruit and vegetables by mimicking the natural 24 hour cycle of the sun inside the crisper drawer using innovative three colour light technology. This means that your fruits and vegetables will be packed with health-boosting nutrients, just the way nature intended.

Blue LED having certain wavelength has been observed by various research centers/laboratories including Walton Science Research Lab as very effective to keep vegetables fresh longer than normal environment, preserving nutrition and antioxidant level of the fruits and vegetables.

FROST REFRIGERATOR FEATURES

Silver Clean ++

Silver Clean++ technology harnesses the powerful antimicrobial properties of silver ions to inhibit bacterial growth and prolong the freshness of stored foods.

100% Food Grade Plastic

All our Refrigerators are FDA (US Food & Drug Administration) approved manufactured with 100% food grade materials.

Wide Voltage Design

Compatible with a range from 75 to 300 Volt which helps protect the Refrigerator from unsafe fluctuation of voltage as well as overvoltage.

WIDE VOLTAGE RANGE

OVERVOLTAGE PROTECTION

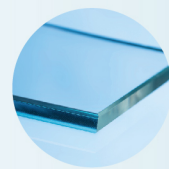

FROST REFRIGERATOR FEATURES

IGT Ionizer/Germ Terminator

The innovative IGT technology reduces bacteria growth up to 95% and works with MultiFlow 360° to create a perfect environment for keeping fresh food.

Real Tempered Glass Door

More durable than conventional glass & shines over the years.

Eco Mode

This advanced technology provides the privilege of maximum refrigeration with minimal energy consumption. It retains optimal temperature to keep food fresh during irregular use.

Super Freezing

Its advanced cooling technology provides maximum cooling for better preservation. It has a unique balanced cooling system that keeps all your food as fresh as you desire

BOTTOM MOUNT REFRIGERATOR

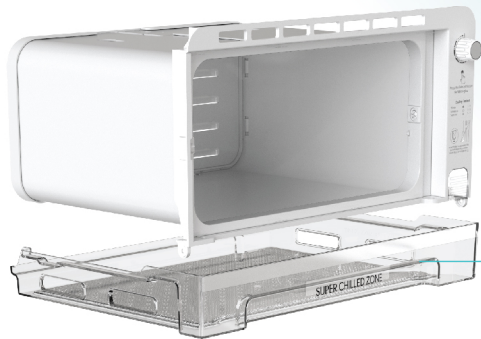

SINGLE DOOR REFRIGERATOR

**MAKES YOUR
LIFE EASY**

SINGLE DOOR REFRIGERATOR FEATURES

Proper Airflow

Proper airflow provides optimum cooling throughout the refrigerator.

- Super chilled Zone

Fresh Plus Crisper Cover

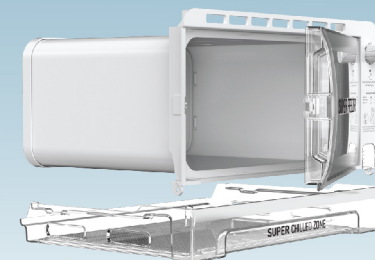

Chain link mesh texture in the Fresh Plus Crisper Cover helps to contain necessary moisture in the Large Vegetable Crisper to keep your food fresh and healthy for longer.

- Fresh Plus Crisper Cover

Humidity Controller

Humidity Controller protects your food from spoilage and keeps food naturally fresh.

Two Layer Freezer Door

Two Layer Freezer Door helps to reduce cold air loss and saves energy.

SINGLE DOOR REFRIGERATOR **FEATURES**

FEATURES AT A GLANCE

SINGLE DOOR REFRIGERATOR FEATURES

Onion Tray

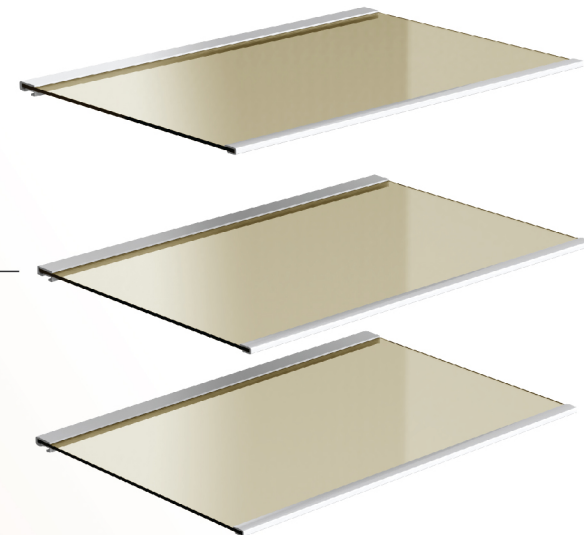

Introducing an affordable and innovative solution for your Walton Refrigerator – a convenient dry storage area. This area provides an additional 10 liters of non-refrigerated storage space without increasing the refrigerator height. This added space is perfect for storing items like onions, potatoes, and more, ensuring better kitchen hygiene and optimized use of your kitchen area.

Toughened Glass Shelves

With durability and an elegance, Toughened Glass Shelves can withstand heavyweights. As they are glass shelves, it's safe to store food on them.

COMMERCIAL COOLER & FREEZER

COOL ADVERTISING PLAYER

Propel Your Business Forward

COMMERCIAL COOLER & FREEZER FEATURES

Tempered & Low-E Glass Door

Specially designed tempered & low-e glass coating door reflects ultraviolet (UV) and infrared rays away but allows other types of light to enter keeping your beverage items cool in hot summer.

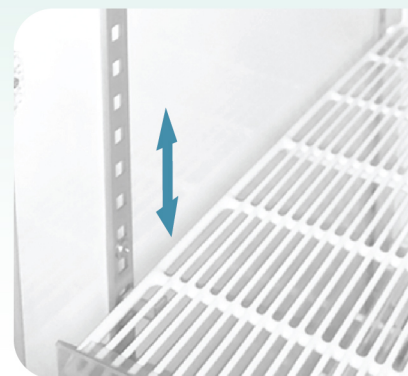

Customized Option

Walton Beverage Coolers amaze you with three different colors and design may also be customized according to your choice.

Anti-Rat Cabinet

Walton Freezers have specially designed bodies to keep the rodent away.

Adjustable Shelves

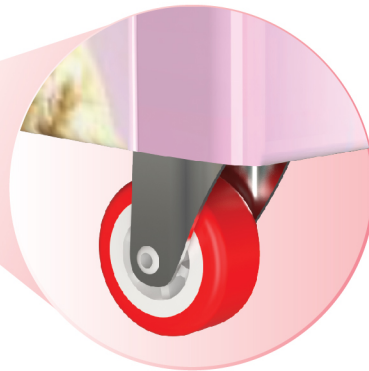

The adjustable shelves give you storage flexibility and easy to clean facility. These are easy to adjust.

COMMERCIAL COOLER & FREEZER FEATURES

Robust Castor Wheel

The robust castor wheel of the ice cream freezer provides unparalleled mobility and stability for effortless transportation and positioning.

Faster Cooling

The faster cooling feature of beverage cooler and ice cream freezer enhances the efficiency and speed of chilling beverages and frozen treats.

IP24 Rating

The IP24 rating of the ice cream freezer signifies a crucial safety feature that enhances protection against water ingress and electrical hazards.
