COMPANY OVERVIEW

Walton, a renowned global brand, stands as a beacon of innovation and excellence in the world of technology and consumer electronics. At the heart of our success lies a state-of-the-art Research and Innovation (R&I) facility, unrivaled in its scale and capabilities, where our brilliant minds tirelessly pioneer the future.

Walton is fortified with the vision to hoist the red and green flag across the globe with its ingenuity and innovation. We are currently making waves in foreign markets, spanning across 40 countries in Europe, North America, Asia, West Africa, and more.

The ultimate objective is to establish our brand name in the list of Top Five Electronics Brands of the Globe by 2030. All the future development of Walton including the overall function of the Company alongside the sustainability would be ensured by our unyielding labor for technological excellence across

the domestic and global markets. Walton will be an influential global hallmark that shall usher in a new age of global recognition of both our company and Bangladesh.

Our top-notch strategies include setting up new production units, manufacturing new models of products, establishing an international standard testing lab to ensure the highest quality of the produced goods, expanding its export destinations, and receiving certificates from different countries by excelling within their discrete standards. Our vanguards are working relentlessly towards our grand scheme of establishing our imperium across the globe.

September 19th, 2022

Dear Mostafa Nahid Hossain,

we are happy to announce that Walton Corporation Ltd. is the world's first Television manufacturer to design-in JOB E-Bulb™, also known as the world's smallest fire extinguisher, in a consumer television!

We wish you and your team great success in launching the new TV series with integrated fire protection.

We are looking forward to continue our great business relationship!

Best regards

Markus Fiebig
 Senior Business Development Manager
 Device Integrated Fire Protection
